Tasting Notes & Description:

Remarkable for a Cognac of its age, Selection N° 2 is characterized by its freshness and is less sweet and a little more fruity than its precursor Selection N° 1. With a round and elegant palate, this Cognac boasts only a touch of spice and a dry finish with a hint of smoke. Distinguishing flavors include pear wine, saffron, pepper, and clove.

This extremely limited-edition Cognac evokes purity. The eaux-de-vie that make up the blend originate exclusively from the prime Petite Champagne growth area. The grape harvests, which were subsequently distilled and aged in oak, come from three select vintage barrels and were assembled by master blender Elodie Bouyer herself to create this extraordinary Cognac.
